

The Military Smart Grids & Microgrids Symposium 2014 will bring together key planners, policy makers and technical experts in developing smart and microgrid systems. This two-day symposium offering networking and exhibiting opportunities will be held in Washington D.C. on April 8-9, 2014. The symposium will feature keynote speakers such as for instance the Honorable Dennis V. McGinn, Assistant Secretary of the Navy, Energy Installations & Environment, speaking on “Navy Energy: Needs, Challenges & New Strategic Programs for Sustainability; the Honorable Katherine Hammack, Assistant Secretary of the Army, Installations, Energy & Environment, delivering a keynote address on “Army Energy Outlook: Needs, Challenges & New Initiatives”.
